

One Hundred Second Legislature - First Session - 2011

Introducer's Statement of Intent

LB109

Chairperson: Senator Tom Carlson

Committee: Agriculture

Date of Hearing: January 18, 2011

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 109 amends the Agricultural Liming Materials Act by removing the requirement that all agricultural liming products be annually registered with the Nebraska Department of Agriculture. This does not eliminate or reduce the primary enforcement mechanism of product labeling requirements elsewhere in the act and inspection of products at points of distribution for labeling compliance will continue. Eliminating the registration harmonizes provisions governing the distribution of ag liming products with those governing fertilizers and feeds which do not require similar product registration.
