29 (10) For taxable years beginning or deemed to begin on or after

1 January 1, 2019, and before January 1, 2023, the Tax Commissioner shall
2 by May 31 of such taxable year confirm or adjust the rates to be used for
3 such taxable year for the Nebraska individual income tax as follows:

4 (a) If, as of such May 31, the projected General Fund net receipts
5 for the upcoming fiscal year are not projected to be sufficient to fund
6 appropriations equal to the three percent trendline for such fiscal year,
7 then such portion of the tax rate reduction set forth in this section, as
8 determined by the Tax Commissioner, for such taxable year shall
9 proportionately not occur to the extent necessary to enable projected
10 General Fund net receipts for the upcoming fiscal year to be sufficient
11 to fund appropriations at least equal to the three percent trendline for
12 such fiscal year. The three percent trendline for a fiscal year shall
13 mean the total General Fund appropriations by the Legislature for the
14 fiscal year ending June 30, 2019, increased each fiscal year thereafter
15 by three percent; and

16 (b) To the extent that actual General Fund net receipts for a fiscal
17 year are less than the General Fund net receipts projected to occur when
18 the tax rate reduction for a taxable year was determined pursuant to this
19 subsection and such tax rate reduction is the sole and direct cause of
20 the Cash Reserve Fund falling below five hundred million dollars at the
21 end of such fiscal year, then such Cash Reserve Fund shortfall amount
22 shall be recouped into the Cash Reserve Fund by subtracting such
23 shortfall amount from the next forecast of projected General Fund net
24 receipts used to confirm or adjust tax rates pursuant to this subsection.

25 (11 4) Whenever the tax brackets or tax rates are changed by the
26 Legislature, the Tax Commissioner shall update the tax rate schedules to
27 reflect the new tax brackets or tax rates and shall publish such updated
28 schedules.

29 (12 5) The Tax Commissioner shall prepare, from the rate schedules,
30 tax tables which can be used by a majority of the taxpayers to determine
31 their Nebraska tax liability. The design of the tax tables shall be

1 determined by the Tax Commissioner. The size of the tax table brackets
2 may change as the level of income changes. The difference in tax between
3 two tax table brackets shall not exceed fifteen dollars. The Tax
4 Commissioner may build the personal exemption credit and standard
5 deduction amounts into the tax tables.

6 (13 6) For taxable years beginning or deemed to begin on or after
7 January 1, 2013, the tax rate applied to other federal taxes included in
8 the computation of the Nebraska individual income tax shall be 29.6
9 percent.

10 (14 7) The Tax Commissioner may require by rule and regulation that
11 all taxpayers shall use the tax tables if their income is less than the
12 maximum income included in the tax tables.

13 Sec. 4. Section 77-2734.02, Revised Statutes Cumulative Supplement,
