LB 36 changes provisions of the Administrative Procedures Act.

Section 2 provides Legislative Findings.

Section 3 requires the Department of Health and Human Services, beginning January 1, 2018, to review its rules and regulations pertaining to the issuance of occupational credentials for those in existence at that time. Beginning January 1, 2023 and every five years thereafter, the department shall review its rules and regulations for the same regardless of when such credentials were created.

Section 4 makes the same requirement of the Department of Labor beginning January 1, 2019 and every five years thereafter.

Section 5 requires every other state agency (except DHHS and Labor) to undergo the same review beginning January 1, 2020 and every five years thereafter.

Section 6 requires every agency to complete an individual critical assessment document on every rule and regulation pertaining to the issuance of all occupational credentials. The document shall be made available at one public location and on the agency's website. By December 31 of the review year, the agency shall submit the document electronically to the Executive Board of the Legislature.

A sampling of state agencies revealed either limited or no anticipated costs associated with the bill's provisions. Costs may include things such as publication notices, attorney's and staff time. Due to the effective dates in the bill, these costs would not be realized during the upcoming biennium.

The Department of Health and Human Services estimates the need for 2.25 FTE in fiscal year 2017-18 and 3.0 FTE in fiscal year 2018-19. This team of staff would address the bill's requirements that pertain to approximately 5,000 pages of occupations-related rules and regulations. DHHS has also included costs associated with hearing notices for each set of regulations. There is no basis to disagree with these estimates. It is assumed that the first two years' costs are associated with the January 1, 2018 start date. Since the bill calls for reviews every five years, these costs should not be incurred in Fiscal Years 2020-22.

The Department of Labor did not comply with requests for estimated fiscal impact. The section of LB 36 that pertains to that agency does fall within the upcoming biennium. While they may incur costs due to a large number of occupational credentials issued, it is assumed that they have sufficient resources to address those costs.

If communication regarding that agency is received, this fiscal note will be updated.

**Explanation of Estimate:**

LB36 is a bill that provides for review by state agencies of occupational credentials and the creation of a critical assessment documents. It requires that state agencies regularly review the rules and regulations pertaining to the issuance of occupational credentials and completion and release of a critical assessment document. As the Department of Administrative Services has no occupational credentialing responsibilities, such legislation does not impact the Department of Administrative Services.

There is no fiscal impact on the Department of Administrative Services.

**Explanation of Estimate:**

No significant fiscal impact on the Nebraska Department of Insurance. Any review by the Department of existing rule and regulations pertaining to the issuance of occupational credentials would not begin until 2020. It is anticipated that such a review will require several hours of work by Department staff. Publication of notice in a newspaper of general circulation will cost \$500. LB 36 can be accomplished with existing staff and appropriations.

<b>OTHER FUNDS</b>				
<b>TOTAL FUNDS</b>	\$206,349	\$0	\$270,837	\$0

Return by date specified or 72 hours prior to public hearing, whichever is earlier.

**Explanation of Estimate:**

LB 36 would require state agencies to review rules and regulations pertaining to the issuance of occupational credentials every five years, completing and publishing a critical assessment document explaining the purpose of the regulations; a review and determination that it has achieved that purpose in a cost-effective manner without unduly inhibiting entrepreneurship and commerce; and the fiscal impact on state agencies, political subdivisions, and regulated persons. Additionally, agencies would be required to publicize and hold hearings for each critical assessment document prior to submission to the Executive Board of the Legislative Council.

In order to fulfill the requirements of LB 36, the Department of Health and Human Services would require at least three FTEs, including the following: 1 FTE DHHS Program Manager II and 2 FTE DHHS Program Specialist. This team would be responsible for performing critical assessment and LB 36's associated requirements for approximately 5,000 pages of occupations-related rules and regulations administered by the Division of Public Health, including Nebraska Administrative code Titles 172, 175, 177, 178, 179, 180, and 391. Assuming a separate hearing notice for each set of regulations and corresponding critical assessment document, the Department estimates a cost of \$3,220 to fulfill LB 36's public notification requirements.

- 161 sets of occupational credentialing regulation
- \$20 average price per notice
- \$3,220 cost to issue public notice (recurring every five years)

Analysis related to establishing the effects of rules and regulation on entrepreneurship and commerce would likely be subject to a competitive bid contract, which would be in addition to the estimates above.

**Explanation of Estimate:**

There would be no fiscal impact until calendar year 2020. At that point, staff resources would have to be used on reviewing rules, holding a hearing, and preparing the critical assessment document. The department would not add additional staff or capital outlay. Costs other than staff time would be minimal--publication and hearing transcription. The department estimates staff costs at approximately \$2,100 for sixty hours of an Attorney III's time, and \$75 for publication costs, and \$250 for court reporting costs. The department anticipates absorbing all costs.

<b>TOTAL FUNDS</b>	<b>=====</b>	<b>=====</b>	<b>=====</b>	<b>=====</b>

Explanation of Estimate: There will be no fiscal impact for the Agency for the FY2017-19 biennium. Per Section 5 of LB36, the Agency would be required to review and provide a critical assessment document of occupational credentialing beginning January 1, 2020. There will be costs in the outer years to publish the notice of public hearing and to hold the hearing. These costs are estimated to be around \$500 assuming that one hearing can be held for all the licenses issued by the Agency. The Agency is not anticipating additional costs to determine “a description, including an estimated quantification, of the fiscal impact on...regulated persons of the rule or regulation.” If the Agency is required to have a more verifiable method for determining those costs than just an informal survey of applicants, there may be additional expenses. Further, the language in the bill does not clearly define what occupational credentialing entails. If other areas, such as a daycare provider (where the individual does not get a specific license such as a nurse or electrician, but cannot enter the occupation without receiving several permits from State Agencies), were to be included there could be additional costs to the Agency in determining the “estimated quantification, of the fiscal impact on...regulated persons of the rule or regulation.”
