If any credit amount is not an even dollar amount, the amount shall be rounded to the nearest dollar. The standard deduction shall be the smaller of the federal standard deduction actually allowed or (i) for single taxpayers three thousand dollars and (ii) for head of household taxpayers four thousand four hundred dollars. The standard deduction for married filing jointly taxpayers shall be double the standard deduction for single taxpayers, and for married filing separately taxpayers, the standard deduction shall be the same as single taxpayers. Taxpayers who are allowed additional federal standard deduction amounts because of age or blindness shall be allowed an increase in the Nebraska standard deduction for each additional amount allowed on the federal return. The additional amounts shall be for married taxpayers six hundred dollars and for single or head of household taxpayers seven hundred fifty dollars. The amounts in this subdivision will be indexed using 1987 as the base year.

(c) For tax years beginning or deemed to begin on or after January

1, 2007, and before January 1, 2018, the standard deduction amounts, including the additional standard deduction amounts, in this subsection shall be adjusted for inflation by the method provided in section 151 of the Internal Revenue Code of 1986, as it existed prior to December 22, 2017. If any amount is not a multiple of fifty dollars, the amount shall be rounded to the next lowest multiple of fifty dollars.

Taxpayers who are allowed additional federal standard deduction amounts because of age or blindness shall be allowed an increase in the Nebraska standard deduction for each additional amount allowed on the federal return. The additional amounts shall be one thousand three hundred dollars for married taxpayers and one thousand six hundred dollars for single or head of household taxpayers.

(b) For tax years beginning or deemed to begin on or after January 1, 2019, the standard deduction amounts, including the additional standard deduction amounts, in this subsection shall be adjusted for inflation based on the percentage change in the Consumer Price Index for All Urban Consumers published by the federal Bureau of Labor Statistics from the twelve months ending on August 31, 2017, to the twelve months ending on August 31 of the year preceding the taxable year. If any amount is not a multiple of fifty dollars, the amount shall be rounded to the next lowest multiple of fifty dollars.

(4) Every individual who itemized deductions on his or her federal return shall be allowed to subtract from federal adjusted gross income the greater of either the standard deduction allowed in this section or his or her federal itemized deductions as defined in section 63(d) of the Internal Revenue Code of 1986, as amended, except for the amount for state or local income taxes included in federal itemized deductions before any federal disallowance.
