

One Hundred Seventh Legislature - First Session - 2021

Introducer's Statement of Intent

LB265

Chairperson: Senator Justin Wayne

Committee: Urban Affairs

Date of Hearing: February 02, 2021

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

Amend 13-3211 to change provisions of the Property Assessed Clean Energy (PACE) Act. As of now, a city that does not take part in this program is required to write a letter to the Nebraska Legislature, stating that they are not using the program. My bill simply removes that step as it's a waste of time for the city administrators and senators to create and receive such a letter. This bill does not change any other part of the PACE program.
