

AMENDMENTS TO LB818

(Amendments to E & R amendments, ER32)

Introduced by Hansen, B., 16.

1 1. Insert the following new section:

2 Sec. 45. (1) For purposes of this section:

3 (a) Mapping data means maps relating to a school building or school  
4 property with data for an efficient emergency response to such school  
5 building or school property that meets the requirements of this section;  
6 and

7 (b) Public safety agency means a local agency consisting of members  
8 who serve a public or governmental agency or political subdivision in an  
9 official capacity, with or without compensation, as either a peace  
10 officer, a firefighter, or an emergency care provider.

11 (2)(a) A school board of a school district or a governing authority  
12 of a private, denominational, or parochial school in this state may vote  
13 to adopt a policy in accordance with this section to provide mapping data  
14 to public safety agencies for use in response to emergencies.

15 (b) A school board or a governing authority that adopts such policy  
16 shall provide mapping data in an electronic or digital format to assist  
17 public safety agencies in responding to an emergency at a school.

18 (c) The mapping data shall, at a minimum, meet all of the following  
19 requirements:

20 (i) Be compatible with and able to be integrated into software  
21 platforms used by public safety agencies that provide emergency services  
22 to the specific school for which the data is provided without requiring  
23 either of the following:

24 (A) The purchase of additional software by such public safety  
25 agencies; and

26 (B) The integration of third-party software to view the data;

1        (ii) Be a finished map product in a file format easily accessible  
2 using a standard or open-source file reader, depending on the needs of  
3 the school and the public safety agency;

4        (iii) Be provided in a printable format;

5        (iv) Be verified for accuracy, during production and annually,  
6 through a walk-through of school buildings and grounds;

7        (v) Give an indication of what direction is true north;

8        (vi) Be overlaid on current aerial imagery or plans of school  
9 buildings;

10       (vii) Contain site-specific labeling that matches the structure of  
11 school buildings, including room labels, hallway names, external door or  
12 stairwell numbers, locations of hazards, key utility locations, key  
13 boxes, automated external defibrillators, and trauma kits using standard  
14 labeling rules set by the State Department of Education;

15       (viii) Contain site-specific labeling that matches the school  
16 grounds, including parking areas, athletic fields, surrounding roads, and  
17 neighboring properties using standard labeling rules set by the State  
18 Department of Education; and

19       (ix) Be overlaid with a grid and coordinates.

20       (3) The school board of each school district and the governing  
21 authority of each private, denominational, or parochial school that  
22 adopts a policy in accordance with this section shall annually (a)  
23 certify to the appropriate public safety agencies that the mapping data  
24 required to be provided under subsection (2) of this section is accurate  
25 or (b) if such information has changed, provide the appropriate public  
26 safety agencies with updated mapping data.

27       (4) A school board of a school district or a governing authority of  
28 a private, denominational, or parochial school that adopts a policy in  
29 accordance with this section and a public safety agency providing  
30 services to a school that adopts such policy may apply to the appropriate  
31 educational service unit for the educational service unit to pay for the

1 costs of and facilitate the implementation of mapping data in accordance  
2 with this section for such school district, school, or public safety  
3 agency. Such application shall include a copy of the appropriate school  
4 policy, a quote from a vendor on the price to provide such mapping data  
5 that meets the requirements of subdivision (2)(c) of this section, and  
6 any other information required by the educational service unit.

7 (5) An educational service unit may apply to the State Department of  
8 Education, on forms and in a manner prescribed by the department, for a  
9 grant to cover the costs of providing payments to vendors on behalf of a  
10 school district, school, or public safety agency within such educational  
11 service unit's geographical area in order for such school district,  
12 school, or public safety agency to provide or access mapping data in  
13 accordance with this section. The educational service unit shall include  
14 with such application the information provided to the educational service  
15 unit by the school district, school, or public safety agency and any  
16 other information required by the department.

17 (6) It is the intent of the Legislature that grants awarded pursuant  
18 to this section shall be funded first using federal funds from the  
19 federal Elementary and Secondary School Emergency Relief Fund and, if  
20 additional funding is needed, then using General Funds.

21 (7) The State Board of Education may adopt and promulgate rules and  
22 regulations to carry out this section.

23 2. Renumber the remaining sections accordingly.
