LB 833 amends Nebraska Revised Statutes relating to the position of county surveyor.

The bill amends Section 23-1901.01 to specify that a county surveyor who is elected shall reside in the county for which they were elected to hold the position of county surveyor. They need not be a resident of the county when they file for election (current law).

It further amends Section 23-1901.01 to specify that in a county containing less than 150,000 inhabitants and the voters have voted against electing a county surveyor pursuant to Section 32-525 or in which no county surveyor has been elected and qualified, the county board may employ a competent surveyor from any other county in the state to the office. The same provision is made for counties of less than 150,000 inhabitants who have voted for the election of a county surveyor pursuant to Section 32-525 but no county surveyor has been elected and qualified. A county surveyor thus employed in the above situations is not required to reside in the county of employment or appointment.

Section 32-525 is amended to require that the question of whether or not to elect a county surveyor be placed before the registered voters of counties of less than 150,000 inhabitants at the statewide general election of 2020. If the majority is against election the office of county surveyor as an elected position will cease with the expiration of the incumbent's term. The county board may then hire a county surveyor pursuant to Section 23-1901.01. If the majority is for election the office shall continue as before except that if no county surveyor is in office one shall be elected at the next statewide general election.

The bill has an operative date of January 1, 2015.

The provisions of LB 833 do not effect Douglas, Lancaster or Sarpy counties.

There appears to be no fiscal impact as a result of LB 833.

IMPACT TO POLITICAL SUBDIVISIONS:

The Nebraska Association of County Officials indicates minimal fiscal impact to counties.

We agree with the Association's estimate of fiscal impact.

Explanation of Estimate:

LB 833 would provide that counties under 150,000 submit the question of whether to have an elected county surveyor to voters. The fiscal impact would be minimal for providing another issue for consideration at the general election in 2020.
