

FISCAL NOTE
LEGISLATIVE FISCAL ANALYST ESTIMATE

ESTIMATE OF FISCAL IMPACT – STATE AGENCIES (See narrative for political subdivision estimates)				
	FY 2015-16		FY 2016-17	
	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE
GENERAL FUNDS				
CASH FUNDS		(2,500 – 5,000)		(2,500 – 5,000)
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS		(2,500 – 5,000)		(2,500 – 5,000)

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

This bill would change permit expiration provisions for members of the armed forces or their spouses under the Concealed Handgun Permit Act.

The Nebraska State Patrol estimate is summarized in the following table:

ITEMS	
Concealed handgun permit renewal:	
5 years current	
Bill: Up to 10 years for military personnel	
Permit fee	\$ 50
Estimated number of military personnel permit holders	250
Number of permits renewed per year	50
Minimum revenue loss estimate	\$ 2,500
Maximum revenue loss estimate is doubled because spouse is included	\$ 5,000

See the Patrol's attached response for details.

Please complete ALL (5) blanks in the first three lines.

FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS	\$0	(\$2,500)- (\$5,000)	\$0	(\$2,500)- (\$5,000)

Explanation of Estimate:

LB 638 would result in a reduction in revenue to the State Patrol as a result of extending the period of time that a concealed handgun permit is valid for members of the armed forces of the United States or the National Guard, or their spouse. The bill extends the period of time to be the longer of 5 years or the period of time of active duty. In no case shall the permit be valid for more than 10 years. Permit holders are charged a \$50 fee in order to renew their permit at the time of expiration, which currently occurs within 5 years from the date of issuance of the permit. The State Patrol estimates that there are currently 250 military personnel that are permit holders. The State Patrol assumed for calculation purposes that the 250 active duty military personnel would have permit expiration dates evenly distributed over the 5 year period that currently exists today. Accordingly, a minimum loss of revenue of \$2,500 is calculated as follows: (250 permit holders/5 years x \$50 fee per permit holder). A maximum loss of revenue of \$5,000 is calculated as follows: (250 permit holders + 250 spousal permit holders = 500 total permit holders/5 years x \$50 fee per permit holder).
