This bill creates the Children and Juvenile Data Pilot Project Advisory Group. The group’s membership is comprised of state agency personnel. Similarly, the membership of two subcommittees, the Data Steering Subcommittee and the Information-Sharing Subcommittee are also all state employees. The Advisory Group is to report to the Legislature on October 1 of 2017 and 2018. The latter report is to contain the group’s recommendations and plan to establish by July 1, 2019, a data warehouse of information used by agencies providing services to children. The group and subcommittees sunset on December 31, 2019.

Since all of the members of the Advisory Group and the subcommittees are state employees, there is no fiscal impact. Travel costs, if any, would be minimal and can be handled within the existing resources of the agencies. The cost of a data warehouse is unknown until the plan is complete. Implementation of the plan is dependent upon the Legislature appropriating the funds which would not be until the following biennium.
