LB 254 amends the Nebraska Liquor Control Act, Nebraska Revised Statutes Section 53-168.06 regarding the making of alcoholic liquor by a person not licensed under the Act.

Language is added to Section 53-168.06 to allow the making of alcoholic liquor by fermentation without distillation if:

- It is not sold or offered for sale;
- Is made for an exhibition, festival, tasting or competition;
- Is clearly identified as being manufactured under an exception to the rules and regulations of the Liquor Control Commission;
- The location of the manufacturer is available upon request;
- If made or served at a public demonstration to promote the hobby of making alcoholic liquor if this is done at a legally authorized location and all other applicable laws are followed.

New language in this section also allows a maker of alcoholic liquor to form a club, brewing group, or tasting group which may meet to exchange, consume, and scored by the group. Such meetings may take place at any location where the consumption of alcoholic liquor is legal.

The Nebraska Liquor Control Commission has indicated that LB 254 could have a negative impact on sales which could impact state excise tax revenue but that amount is unquantifiable.

The Nebraska State Patrol has indicated no fiscal impact.

We estimate that any fiscal impact to the state would be minimal.
