**Explanation of Estimate:**

LB795 amends Section 13-2101(4) (c) (iii) to allow data from the American Community Survey 5-year estimate for purposes of determining the average rate of unemployment in an application to DED for designation as an enterprise zone under the Enterprise Zone Act. Currently, the source of data for this determination is the decennial census.

There will be no costs to the Department to administer the provisions of LB 795.
